## Harvest More With Bushel Plus

At Bushel Plus, we help you put more of your hard-earned yield where it belongs – in the bin, not on the field. Reduce dockage, increase capacity, and boost your bottom line with harvest optimization tools that can pay for themselves in the first field. **You can only harvest a crop once. Make it count.**

## OUR TESTIMONIALS

### Hear What Our Customers Have to Say

5.0 

Trusted by Thousands of Farmers Worldwide

"Besides saving money by not running around with the big combine taking samples... this unit saves us from dealing with tough grain in combine hoppers after sampling."

Chris Raupers, Manitoba Canada
