The YWCA Westman would like to recognize that the lands in which we reside were first inhabited by the people of Turtle Island. We, as life-givers, honour the past by committing to learn about the traditions and teachings of our Indigenous family, colleagues, and those we serve. We recognize the harms that colonization and systemic racism has had on Indigenous peoples, and we commit to reconciliation, to do better in our actions, to defend and protect, and provide a welcoming space for women, girls, two-spirit and gender diverse people in our community.
